C/I ⁷	Bundled RTP Delivery PPO (c) and (d)
<u>Taking service from RES</u>	
Residential	Delivery Bundled RTP
Small C/I	Delivery Bundled RTP PPO (c)
C/I	Delivery Bundled RTP PPO (c) and (d)
<u>Taking PPO</u>	
Residential	N/A
Small C/I	PPO (c) Delivery

¹ In order to meet its service obligations, utilities have offered additional tariffs but these tariffs may not be service obligations per se. Instead, these additional tariffs are the manner in which utilities have chosen to meet its service obligations. Note this chart does not take account of conditions (e.g., mandatory contract terms, notice) that may be imposed with respect to the various services.

² Bundled rates refer to “base rates” as defined in 220 ILCS 5/16-102. All other terms are used as defined in the afore-mentioned section of the Act.

³ Reference to the availability of Real-Time Pricing (“RTP”) and Delivery throughout chart assumes that, if a competitive declaration can be made, it has not been made and does not contemplate whether a competitive declaration is possible.

⁴ “Small C/I” refers to non-residential retail customers of an electric utility consuming 15,000 kWh or less of electricity annually in its service area. See 220 ILCS 5/16-102.

⁵ Government Consolidated Billing (“GCB”), which refers to the consolidated billing provision for established intergovernmental agreement participants in 220 ILCS 5/16-125A of the Act, is not considered here.

⁶ Availability of all PPO is dependent upon customer meeting applicable requirements, e.g., customer has paid CTC customer is legally obligated to pay, no competitive declaration for customer class.

⁷ All non-residential customers not included in “Small C/I” definition above.

Preliminary draft – Revised with 6/17/04 corrections – for settlement discussion only - subject to changes, revisions and corrections

	Bundled RTP
C/I	PPO (c) and (d) Delivery Bundled RTP

Post-2006 Utility Service Obligations Under the Existing Law

Preliminary draft – Revised with 6/17/04 corrections – for settlement discussion only - subject to changes, revisions and corrections

<u>Service to customers whose class has been declared competitive but still are within the 3-year statutory transition period</u>	
<u>Taking bundled service at the time of declaration</u>	
Residential	Bundled RTP Delivery
Small C/I	Bundled RTP Delivery
C/I ⁸	Bundled RTP Delivery
<u>Taking service from RES</u>	
Residential	Delivery Bundled RTP
Small C/I	Delivery Bundled RTP
C/I	Delivery RTP
<u>Taking PPO</u>	
Residential	N/A
Small C/I	Delivery RTP Bundled
C/I	Delivery RTP

⁸ Reference to the availability of bundled service for C/I customers here assumes that if a C/I customer may switch back and forth between bundled and unbundled service during the three-year statutory transition period that it has not done so and is without regard to whether such switching during the three-year period is permitted.
